

## Picasso's Polygons

How many polygons can you find in this drawing?

Make your own picture using **only** polygons.

This figure is based on a pencil drawing by Pablo Picasso, *Woman in an Armchair*, Biarritz (1918). It is not a reproduction, but an illustration of the main polygonal forms in the drawing. Adaptation used by permission. Copyright © 1997 Estate of Pablo Picasso/Artists Rights Society (ARS), New York.
